

Clinton County Illinois

Superlatives are the norm in Clinton County, located less than an hour from St. Louis, MO, in Southwestern Illinois. The county leads the state in dairy farming and pork, wheat and egg production, plus boasts the largest man-made lake in Illinois. Country roads wind past acres of farmland, across the Kaskaskia River and through villages and towns established in the 1800s.

Visitors are greeted with warm smiles and a hearty welcome at marinas, campgrounds, golf courses, historic sites, theaters, shops, orchards, wineries, restaurants, hotels, cottages and bed & breakfasts. For a serene weekend getaway or active days outdoors, explore Clinton County.
